Introduction

Engage Literacy is a comprehensive literacy program (K-5) appropriate for individual, small-group, and whole-group learning. The program covers the core elements of a balanced literacy program: written language (reading and writing) and oral language (speaking and listening). Nonfiction and fiction texts span reading levels 1 to 30 (GRL A-V). Texts are curriculum-linked, and the levels 2 to 30 fiction texts link thematically to corresponding nonfiction titles.

Engage Literacy brings enjoyment to reading, while providing teachers and children with carefully leveled texts. Through engaging and high-interest fiction and nonfiction texts, rhymes, poems, songs, and chants, children will become active participants in their own learning and in the reading process. By including both fiction and nonfiction, the materials in *Engage Literacy* stretch children's thinking and meet Common Core Standards for both informational text and literature with meaningful and purposeful group activities.

Engage Literacy components

Fiction and nonfiction texts for reading levels levels 1 to 30 (GRL A-V)

All leveled texts, both fiction and nonfiction, have been developed using carefully **graded vocabulary** lists, e.g. the word 'go' is introduced at level 1 and 'going' is introduced at level 4. Therefore, children build up a bank of high frequency words, providing them with a smoother transition as they are introduced to higher-level texts. The texts enable children to build on their prior knowledge and make new connections based on these previous understandings. *Engage Literacy* also includes extending vocabulary or a progressive **academic vocabulary** list of words, such as 'draw', 'make', and 'write', which are essential for early readers to successfully understand and complete academic tasks independently.

Engage Literacy ensures that children are exposed to texts that match their developmental reading level, enabling greater potential for reading success and enhancing fluency. As they move through the levels in *Engage Literacy*, children will encounter words they have met in texts from the previous levels. The earlier leveled texts have a ratio of introduced words to known words of 1:20.

On the back of each fiction and nonfiction title, the **reading stage** is shown (e.g. Emergent/Early), as well as the **specific graded level** of the text (e.g. Level 4). Color coding is used to represent each level. The table below shows the correlation between the reading stage, reading level, color coding and reading age.

The *Engage Literacy* components provide both **digital** and **non-digital** teaching and learning materials that promote **differentiated learning** so all children can learn effectively, regardless of differences in ability levels. The program is built on a solid foundation of literacy skills and knowledge essential to children from K-5 according to the Common Core Standards: speaking and listening, language, foundational skills, writing in a variety of modes, and strategies to access a variety of text structures and features. Teachers can be assured that, by implementing *Engage Literacy* in their classrooms, their children's individual learning needs will be met effectively and they will address Common Core Standards essential to children's growth as strategic readers and thinkers.

Up and Down

EIL: 2 Fiction

Word count: 58

Curriculum link:
animals/bugs,
science, environment

Text type: narrative

Sentence structure:

"I can go up/down," said the
_____.

High frequency words introduced:
and, can, down

High frequency words consolidated:
go, I, said, the, up

Example inferential questions:

- Why do you think the bird is going up?
- Why do you think the snail is going down?

Phonological awareness/graphophonics:
initial letter names/sounds

Program links:
Up and Down E-Book
Look at the Animals (NF)
Digital Poster 'Snail'

Fiction and nonfiction texts for reading levels GRLs: A-V
